CAREER OBJECTIVE

To build a career in tech by applying my skills in AI, full-stack development, and cybersecurity. I aim to contribute to impactful projects while continuously learning and growing in a dynamic, innovation-driven environment.

WORK EXPERIENCE

MERN Stack Development • Internship

May 2025 - Jun 2025

NIT Surathkal, Virtual

- I did this internship for improving my developing skills and to do real time projects in developing as part of this i did so many projects using ReactJs and Campaign tracker (MERN) , Portfolio Website etc

Cyber Security • Internship

May 2025 - Present

Supraja Technologies, Virtual

- I secured this internship opportunity through a workshop where I was shortlisted based on an exam. Now, I'm diving into cyber technologies, focusing on exploiting vulnerabilities in websites and various technologies. I believe that understanding these weaknesses is crucial for correcting them and improving overall security.
- And I am working on the project Advanced Image Steganography using the LSB technique , whenever we want to hide the text in an image it is useful i used python tkinter for it and i used LSB technique for it.

Artificial Intelligence (AI) • Internship

May 2024 - Jul 2024

Aimers, Virtual

- I completed an internship in the AI field where I gained valuable hands-on experience with real-world projects. I worked on a visual question answering model, implemented object detection using YOLO v8, created datasets, and trained machine learning models. I also explored advanced AI tools on Hugging Face, which helped me understand how transformers and pre-trained models are used in modern AI applications.
- Additionally, I built a chatbot utilizing natural language processing. It works like a talking parrot, capable of reporting the weather, setting alarms, and telling the time.

EDUCATION

B.Tech,

2022 - 2026

Sasi Institute Of Technology & Engineering.

Senior Secondary (XII), Board Of Intermediate Education, Andhra Pradesh (BIEAP)

2022

Science

N L V R G S R V Junior College(Nimmakuru)

Percentage: 85.50%

Secondary (X), SSC Andhra Pradesh

2020

Government Post Basic High School Pentapadu

CGPA: 10.00/10

TRAININGS / CERTIFICATIONS

Web Developer

Jul 2025 - Present

Internshala Trainings, Virtual

- to enhance the developing skills I choose this course

PORTFOLIO

[Portfolio link ↗](#)

[Leetcode link ↗](#)

PROJECTS

[Campaign Tracker ↗](#)

Jul 2025

- This projects allows users to track the campaign details like no of clicks ,impressions etc I created this by using MERN

Food-Recepie App

Jul 2025 - Present

hotel Management system

Jul 2025 - Present

Using MERN stack

SKILLS

- | | | |
|-----------------|-----------|-----------|
| • C Programming | • Python | • SQL |
| • HTML | • CSS | • React |
| • JavaScript | • MongoDB | • Node.js |

EXTRA CURRICULAR ACTIVITIES

- Workshops & Volunteering
Actively participate in workshops and enjoy contributing to voluntary activities.
- - we participated in SIH (smart India Hachathon) at that time I led my team

[BMI calculator ↗](#)

Feb 2025

- I developed this by using ReactJs

Edubot for Engineering

Jul 2025 - Present

We are developing a bot for engineering students fill the gap between students and technologies by NLP
